Dinner Menu Notes	Special Notes - Gate Code - Service Staff Added Time Details and Needs, etc.

Fees And Terms

SAMPLE

Deposit: The deposit is *non-refundable* and collected to cover our liquidated damages. It is hard to measure our exact loss, so we collect this non-refundable deposit as an agreed-upon amount of our damages if you do not follow these terms. This section of our terms serves as our Liquidated Damages Clause.

Cancellation: If an event is canceled the non-refundable deposit and any payments are forfeited. You can reschedule your event within 6 months (based on date availability) with 30 days or more notice before your event date.

Events out of our Control (Force Majeure): We try to work with every client to overcome unforeseen challenges. If we are prevented or delayed from performing this invoice due to any act out of our control, we are not liable for any losses or refunds.

Event Administration Fee: Offsets labor, unforeseen and administration costs associated with organizing and sourcing your event, creating your menu, packing, dishwashing, transportation, etc., and is 25%.

Gratuity: We strive to provide exceptional catering that is fun and memorable. Gratuities are strictly left to your discretion. These may be added to your final bill, sent after the event or handed to the chef at the conclusion.

Final Payment: Final invoice balance is due at 14 days. Paid by check, credit card (fee 2.9%), Venmo no fee if sent person to person (usually weekly $7000 limit) or Zelle (no fee weekly limit varies based on your bank $2000-20000).

Enforced Deadlines: It is the client's sole responsibility to provide the information required by the deadlines stated in our terms. We do not send emails to remind clients of their responsibilities outlined in this contract.

Before Your Event

Final Guest Count and Menu Selection: The menu and finial guest count is due 15 days before your event. Guest count reductions of more than 20% are not allowed. If the menu and/or guest count is not provided the original guest count will be used to calculate the final balance (due at 14 days) and we will determine the menu.

Substitutions: Due to sourcing our menu sustainably, from our micro farm, or partner farms we may have to substitute to adhere to our mandated and accredited standards. Since we handcraft and farm source our menu, item sizes will vary.

Our Service Time: We provide our staff on site for the time on your invoice. The on site time is to ensure quality food and service. If you want to extend time we can review and if feasible will charge for any extra staff time.

Final Timeline: Due at 15 days to finalize all things that can affect our serving time, so we can update the invoice timeline. Make sure to allow for all factors to ensure quality food, service and we can meet the food service start and ending time.

Layout: Make sure we have room for our setup and the required number of buffet tables based on your menu and guest count.

Running Assistance: Additional assistants may need to be added to run food to the self-serve buffet if not next to our kitchen setup (usually need to be added with distances of +30ft or obstacles).

SAMPLE

At Your Event

Arrival: Our kitchen setup arrival time is on your invoice. If early arrival is needed for our kitchen setup we bill an hourly rate of $200 per hour to cover our additional kitchen and staff costs.

Setup Area: We help you save money by bringing our own equipment; however this requires a 10ft x 10ft area for our setup with a semi-firm, flat surface and access to the area with a vehicle.

Service Assistance: Any service needs (busing, trash, cleanup, etc.) require additional staff time added to your invoice.

Self Service Buffet: Buffet service works best when everyone does not line up at once giving us the proper time to adjust to guest selections and make food fresh in response to what is popular.

1. You must provide buffet tables, guest area lighting (we light the buffet), and table coverings (if you require).
2. We provide signs with ingredients for your selections on the buffet table.
3. We will leave leftovers in our wheatgrass compostable containers and our farm fresh decorations on the provided tables.
4. We provide all of the buffet food containers and chaffers for your menu BUT not guest plates.
5. When laying out the buffet tables allow our staff exclusive access to one side.

6. Keep in mind we have our own farm decorations, signs and wood branded risers when thinking of decorations.

Delays: Short delays occasionally happen; however more than 15 minutes is rare. We can not accommodate delays of more than 20 minutes as it affects our schedule, onsite time and the quality of our food. We will still leave at the appointed time.

Close of Service: We may start to end dinner sooner if groups are done eating to clear and package up your remaining food.

Trash: Rent, provide, or get temporary trash receptacles for your guest's trash and food waste. If the venue requires you to take the trash we will bill for a separate vehicle for guest trash - bar trash must be approved by us to be taken.

Leaving: If we do not have access to leave at our exit time we charge $75.00 every half hour.

This is the entirety of our terms, if you have any questions or concerns feel free to contact us.
